

PDGM Assessment and Preparedness

How can your agency ensure a smooth transition to the new Patient Driven Groupings Model?

Is your home care operation ready to comply with CMS' Patient Driven Groupings Model (PDGM)? Have you honestly assessed the current state of your agency's operations, department by department, from clinical to back office? These preparations can help you make important decisions on how best to move forward. *We can help you do just that.*

Count on Corcoran Consulting Group to

- Perform an Accounts Receivable review – optimize timely reimbursements
- Organize and update clinical and compliance processes
- Help you prepare for the upcoming changes
